2 November 2009

Dear Alastair

I have just learned that DSRL were not represented at the DSG Site Operations Sub Group last week. I sincerely apologise for DSRL's absence.

By way of mitigation, we are very challenged right now trying to meet the heavy meeting schedule on many of the topics that I am sure the DSG have interest in as well. All the key players were not available that day and the person nominated unfortunately forgot. We will endeavour to ensure this does not happen again.

If there are any questions that need immediate answers, I am sure June will let me know.

Yours sincerely

Simon Middlemas
Managing Director, DSRL
