

**RESPONSE TO DSG LETTER RE SUPPORT TO CAITHNESS HORIZONS
(See DSG(2010)C053)**

Response by email dated 29th June 2010

Thank you for your email which I will ensure is considered as part of the public consultation on our budget. Having set up and run a local museum I appreciate the contribution the sector makes.

In March we put into the public domain all the potential savings we were aware of - and no decisions will be made until the autumn. However, the savings on which we decide then will have to total more than £36m. If you want to respond in more detail - if possible indicating where you think it would be acceptable to take savings - please look at our on-line consultation at www.highland.gov.uk/yourcouncil/news/blog/
