All members of DSG

Dear all

DSG INSURANCE ARRANGEMENTS

Following a discussion at the DSG business meeting it was agreed that I write to you to outline the insurance arrangements required.

This letter outlines the requirements for anyone who is travelling to meetings or events when representing DSG.

- For regular DSG meetings and sub groups – there is no issue.
- If travelling south and arrangements are made by the DSG secretariat then members are insured against any accidents.
- If a member wishes to drive their own car to/from a meeting/event, while representing DSG, it is important to make sure you are covered by business insurance on your private insurance (this can be done at no additional cost).

For those wishing to drive to/from a meeting/event then proof of business insurance will be required by the DSG secretariat before a private car can be used.

Yours sincerely
