Dear Mr Little

#### **DOUNREAY HERITAGE STRATEGY**

Thank you for the copy of your report which you sent to the DSG Secretary who circulated to members of the site restoration sub group.

At our sub group meeting held on 19<sup>th</sup> January the report was discussed and we are aware that you are currently in correspondence with DSRL and NDA.

DSG members were updated on a regular basis on the progress of the strategy and members were encouraged to provide their comments to help inform the strategy. Indeed it was DSG, during its consultation on the site end state that requested an open and transparent discussion on the future of DFR.

Our understanding is that DFR will not be demolished for at least another 15 years and we have been assured that if a individual or group comes forward with a practical proposal to retain the sphere beyond decommissioning then NDA/DSRL will be pleased to discuss this with them. DSG will be kept informed if any such proposals come forward and would certainly support such a proposal if the business case was robust.

Yours sincerely

**Bob Earnshaw  
DSG Chairman**
