Stakeholder Preference Exercise

We are currently asking stakeholders to let us know what sites and topics they are really interested in. This will help us to understand which issues are really important to stakeholders and will enable us to plan attendance at events more effectively.

I would be grateful if you could fill in your preferences by follow the link below.

Draft National Engagement Plan

The NDA commissioned a review of its national engagement in March 2010 to reflect on its work with stakeholders after 5 years and consider whether or not the current arrangements remained "fit for purpose". The Environment Council (TEC) was asked to carry out the Review and their Report was published on the NDA website together with the NDA's response.

Following this review, we have revised our approach to planning and delivering stakeholder engagement and have put together a broad approach to national engagement. This means that our engagement will fall out of our business planning process and means that the NSG as was will no longer exist as a twice yearly pre planned event. Our current assumption is that there will be a need for a 'national event' in quarter 3 of 2011/12 (October – December). This event will however be much smaller than previous NSGs with only one representative per organisation.

We are currently asking for comments on our draft engagement plan.

Engagement Plan

We will publish a detailed annual plan of engagement activities in March which will include:

- a timeline with a list of the key issues
- a list of key activities and milestones
- regular updates

We welcome feedback on our engagement plan.

Until the start of the new financial year it is difficult to put together an exact timeline of what events are required. However, given the list of key issues identified below, it is apparent that numerous events and meetings will be required. We have therefore made the assumptions below about engagement in 2011/12.

Key areas for national engagement 2011/12

We would however like to hear your views on the key issues we have identified.

Do you believe that any key issues have been missed?

Are there any other issues you would like to see listed?

If you have any comments please contact kelly.anderson@nda.gov.uk 01925 802185

Draft Business Plan 2012-2015	Autumn 2011

Assumptions about engagement in 2011/12

There will be a need to communicate the outcomes of the Business Plan and Strategy consultations.

We will make use of smaller working groups on specific topics.

We will make best use of existing mechanisms such as

- NDA/Trade Union meetings
- Site Stakeholder Groups
- Strategy Development and Delivery Group (SDDG)
- Magnox Chairs' Forum
- Insight magazine
- this website

We see value in

- a Site Stakeholder Group Chairs' Forum in Quarter 1 of 2011/12 (April - June 2011)
- a National Event in Quarter 3 of 2011/12 (October - December 2011) **

** Please note: National events will typically be midday to midday to enable travel on morning of day one and afternoon of day two, reducing the need for overnight accommodation. Attendance will be limited to 1 delegate per organisation in order to maximise stakeholder representation whilst also delivering value for money.

Stakeholder: Engagement Preferences

1. Your details

The NDA has a broad agenda and a complex stakeholder environment.

We would like to know which topics are of interest to you and how you would prefer us to communicate and engage with you on these areas of interest.

The information that you submit will help us to provide a more effective purpose and value for money programme of stakeholder engagement.

Please be aware that:

- - some topics will not require any communication or engagement in 2011/12
- - we may not be able to meet all preferences

We would also like to know what your three main issues of interest are.

Thank you for taking the time to participate in this worthwhile exercise.
