Mr Richard Stoneham
Pensions Administration Office
Manor Court
Oxford

Dear Richard

On behalf of the Dounreay Stakeholder Group I would like to thank you for providing an update on the future plans for the Pensions Administration Office.

As you are aware DSG had concerns about the lack of communication provided with the ongoing plans for the PAO. However we are encouraged that this has been recognised and that you are now planning to provide DSG with regular updates as your plans move forward.

At the DSG you outlined the reasons why Babcock have taken the decision to relocate to Forss as well as the ambitions you have to grow the business base in Caithness.

DSG takes an active interest in the socio economics of our area and therefore we are pleased to hear that the work you are undertaking at present is to ensure the retention of current jobs and the potential expansion of the skills base.

We also look forward to further updates as the review moves forward.

Yours sincerely

June Love
