20<sup>th</sup> June, 2011

Dear Ms. Love,

### **Dounreay Regeneration Strategy**

Cibitas has been appointed by AMEC, a partner in Caithness Solutions, one of the shortlisted bidders for the Parent Body Competition, to explore the potential for the selected contractor to work with local stakeholders to establish a robust implementation plan and delivery mechanism for the Caithness and North Sutherland Vision, as required by the competition bidding criteria. The initial scoping study is due to be available, in draft form, for consultation with the local community at the end of August. Irrespective of which contractor is ultimately appointed, AMEC hope that the scoping study will provide a useful tool for the local community to secure the future prosperity of their area.

AMEC are anxious to ensure that the process of preparing the study is as inclusive as possible and, as a key decision maker in Caithness and North Sutherland, I wonder if you would be prepared to meet with us (for about an hour) so that we can explore your views on the future development of the area.

We will call in the next few days to gauge your reaction and, if appropriate, to arrange a mutually convenient time and date to meet.

If you would like to discuss the background to the scoping study in more detail, please do not hesitate to give either Martin Wenban or I a call.

Yours sincerely

**D. K. Shelton**
