

**DOUNREAY STAKEHOLDER GROUP
KEY HIGHLIGHTS FROM MEETING HELD ON 10th DECEMBER 2014**

NDA/DSRL

- The minutes of the last meeting were endorsed – see [DSG\(2014\)M003](#).
- Presentations were provided on the following:
 - PFR Tank Farm – see [DSG\(2014\)C081](#)
 - NDA Dounreay ASFL (Annual Site Funding Limit) – see [DSG\(2014\)C083](#)
 - DSRL ASFL Reprofitting – see [DSG\(2014\)C082](#)

Vulcan:

- A number of audits had been successfully undertaken, including REPIR compliance and Licence Condition 11 (emergency arrangements).
- Vulcan had provided SEPA with their monthly report on radioactive discharges and it was noted that the October report had under-reported the gaseous discharge. SEPA had been informed immediately and the amount calculated as less than 1% increase in the annual discharge limit. A review had been instigated.

Other:

- The proposals for surgical cover at Caithness General Hospital was also discussed with concerns raised about the reduction of these services within the local area.

David Flear
