Dear James

DOUNREAY HERITAGE PROJECT

I am writing on behalf of the Dounreay Stakeholder Group. At our last sub group meetings we read with interest the update provided on the heritage project.

We noted that there was a potential for a PhD student based in Caithness (starting in the summer) to carry out a study "The Dounreay Nuclear Establishment and its impact on the Northern Highlands of Scotland".

DSG would like to extend an invitation to the successful PhD candidate to join the DSG as a member of the group for the duration of this study.

We believe this will give the candidate an overview of Dounreay and the contribution it continues to make to the local economy as well as opening up some introductions for the student while carrying out this study.

Can you please ensure that this invitation is extended to the successful candidate once selected and keep us updated of progress and whether the candidate is happy to become a DSG member.

I look forward to hearing from you in due course.

Yours sincerely
