

VULCAN Naval Reactor Test Establishment Report to Dounreay Stakeholder Group – 2nd November 2016

Health, Safety & Environmental Performance

Health and Safety

No injuries or lost time accidents in 2016.

No RIDDOR reportable incidents.

3 Key Safety Campaigns were scheduled for 2016. Planning Tasks and Safe Lifting Operations were delivered during Q2 & Q3. Working at Height is scheduled for later in November.

The last Behavioural Safety workshop for new joiners was held in August.

Rolls-Royce Submarines continue to benchmark and share good practice with participation in the UK BP Safety Reps Forum and the National Operating Experience Learning Group (OELG). The next meeting is scheduled for November.

Environment

No environmental non-compliance incidents.

Since the last meeting no Events have occurred that required reporting to SEPA in accordance with their respective mandatory reporting criteria.

Radioactive Waste Disposal

At the end of September 2016, the annual rolling discharge (expressed as a percentage against the maximum detailed in the SEPA letter of agreement) was:

	Type	Percentage
Gaseous	Noble Gases	10.0%
	Beta Particulate	23.5%
Liquid	All Beta emitting Radionuclides	8.9%
	Tritium	5.9%
Solid	Other Radionuclides	0.009%
