Dear David

**UK GOVERNMENT DISCUSSION PAPER  
THE REGULATION OF NUCLEAR CLEAN UP FOR SITES NEARING FINAL DECOMMISSIONING**

In May 2016 a workshop was held in Manchester to discuss the above topic. A similar discussion is taking place in Manchester today (28th November). I am aware that at the May workshop there was no representative from Highland Council and am unsure whether anyone is attending the workshop being held today.

I am writing to you as the paper being discussed today is a UK Government discussion paper which seeks stakeholder views and I encourage The Highland Council to provide a written response in relation to the Dounreay site.

For your reference the views from the Dounreay Stakeholder Group are attached for your information.

Yours sincerely
