Dear Paul

At the Dounreay Stakeholder Site Restoration sub group meeting held last week we were informed that you would be taking over responsibility as Head of Radioactive Substances Unit from Jim Gemmill.

We are writing to congratulate you on your new role and look forward to working with you in the future.

We would also like to place on record our thanks for your continued support to DSG in relation to the particles clean-up project and your attendance at our meetings to provide updates on this subject.

We wish you well in your new post and look forward to meeting with you sometime in the future.

Yours sincerely
