

NDA (direct) socio economic funding – projects approved 2005/06 to 2017/18

This list does not include expenditure on projects that have or may have socio economic benefit in future such as CNSFund and Copeland Fund (instigated as a result of planning gain) or projects that directly support the NDA's decommissioning programmes such as the Geogemas crane, purchase of safety vessel for Scrabster Harbour and the construction and management of Nucleus. The list of projects funded do not include those supported through the NDA's subsidiary organisation's socio economic funding budgets, such as the DSRL socio economic budget which is ring-fenced within the annual site funding.
