30 March 2009

Dear *Alastair*,

UKAEA LIMITED

I am pleased to let you know that the Department for Business, Enterprise and Regulatory Reform (BERR) has today set in train the process for the full or partial sale of UKAEA Limited and interested parties are being invited to come forward. I believe this is a testament to the extraordinary progress we have made in restructuring the UKAEA over the past few years and to the successful establishment of UKAEA Limited since its creation last April.

This exercise will take some months to complete. During this time our priority will be the continuing delivery of our programmes in a safe, secure and environmentally responsible way. Our employees delivered our programmes successfully throughout our recent restructuring and I have every confidence that they will continue to do so over the coming months.

While we clearly cannot comment on confidential aspects of the sale process, we are trying to ensure that our employees and stakeholders receive as much appropriate information as possible. If you have any general or operational concerns or queries, please do let me know and I will do my best to help.

Yours sincerely

Norman Harrison
