Good Afternoon All,

Happy New Year to you all, I hope you are all keeping safe and well and had an enjoyable, all be it quieter festive break. It is with great sadness that I begin my update by announcing the passing of one of our colleagues Diana Sinclair. Diana had served with the CNC since 2008 as a civilian Police Control Room Operator at Dounreay OPU. Diana was a loving character whose presence within the OPU will be sorely missed by all her colleagues and friends. Our sincere thoughts and condolences are with Diana's family at this time.

Covid-19 continues to provide challenges both professionally and personally for us all, however just before Christmas, we were able to transition to our new post-DECP policing model. This is a huge step forward for both ourselves and DSRL and marks a key transition for the CNC to align with the decommissioning activity of the site. Throughout the Christmas period we maintained full operational requirements at the Dounreay site. The recent lockdown has caused us to once again review our working practices and we have received updated guidance from the National Police Chief's Council.

Our CNPA Three-year Strategic Plan 2020/23 and the Annual Policing Plan still remains with our Minister at BEIS for final approval and soon as this approval has taken plan, I will ensure it is circulated to you all.

Kind Regards,
