A. DSG Chair Letter (DSG(2023)C017) dated 3rd May 2023

Dear Struan,

I write in reply to your recent letter (Ref A) to the Managing Director regarding the matter of outstanding actions and seeking 'publishable' responses in writing.

Thank you and the Dounreay Stakeholder Group for acknowledging the recent change in the level and quality of our engagement on DSG matters. We, the executive team, are keen to ensure that we invest appropriately in continuing to rebuild DSG trust and grow our vital relationship going forward.

Having established our stakeholder & external relations, socio-economic and sustainment capabilities and confirmed clear executive team engagement responsibilities, we will ensure our professional discipline of having clear ownership of issues / actions and that every item is followed up formally in writing.

We value your collective ongoing support and respect the understanding tone of your letter. Thank you for promoting, protecting, and projecting Dounreay, Magnox and the NDA in the community.

A handwritten signature in black ink, appearing to read "Mac MacGill".

Mac MacGill
Chief of Staff & Deputy Managing Director, Dounreay
